Professional Summary

Creative and results-driven **Full-Stack Web Developer** with strong experience in React.js, Node.js, MongoDB, and responsive design. Adept at building high-performance, accessible web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).

Proven success in delivering fully functional **portfolio websites, e-commerce platforms, streaming apps**, and dynamic user interfaces. Strong problem-solving skills, agile team collaboration, and a continuous learning mindset.

Skills

JavaScript / TypeScript

React.js / Redux

Node.js / Express

MongoDB / SQL

HTML5 / CSS3 / Sass

REST APIs / Git / GitHub

Experience

Freelance Web Developer

Designed, developed, and deployed full-stack applications using React.js for the frontend and Node.js with relational databases on the backend. Built scalable APIs, integrated third-party services, and ensured responsive design across devices.

Frontend Development Intern – Tech Company

Contributed to UI development by building reusable components with React. Collaborated with senior developers to optimize performance and improve the user experience.

Education

BSc in Computer Science

Evangadi INC, 2023 – 2025
